

# *Priority* **ONE**

Healthy, Safe & Clean

- All guests & staff will be temperature checked prior to entry.
- Please stay home if you are sick.
- **Guests are to leave rented shoes and house bowling balls at their lane when finished. Wildhorse staff will pick up equipment, clean it and disinfect lane equipment.**
- All lanes must be thoroughly cleaned before and approved by Quaking Aspens staff before another group of guests may occupy the area. Estimate 15+ minutes for cleaning.
- Hand sanitizer will be available for all guests.
- All guests & staff must wear personal protective equipment (face masks) and adhere to social distancing guidelines at all times.
- Maximum of six (6) bowlers per lane and ten (10) people total in Bowling Bay.
- Balls (including finger holes), shoes, touch screens, lane seating, and tables are being thoroughly sanitized and guests will be provided with disinfecting wipes and/or spray, as needed.
- Shoes are sanitized after each use with high-impact disinfectant spray.
- Lanes will be assigned to create physical social distancing.
- Parties will not be combined or allow shared seating for individuals not in the same party.
- Bowling reservations are recommended.
- All Arcade games and FunCard Kiosks are spaced out to create social distancing, and are thoroughly cleaned, paying special attention to joysticks, buttons, prize slots and card readers.
- Arcade and Redemption center requires gloves and a mask for entrance.
- Arcade occupancy will be limited to ensure physical social distancing among guests.

## SAFETY RULES

**WARNING** - Be cautious when bowling or using the facilities of the center. Bowling is an active, competitive sport requiring physical conditioning, coordination and skill and can present dangerous situations and the risk of serious injury. Due to the physical requirements of bowling, a fall or accident and an injury, may occur regardless of the condition of the approach and other areas of the center.

**RESPONSIBILITY** - Each parent or adult in charge, especially when children are bowling or present, is responsible for teaching each person in the group the Safety Rules and making sure the rules are followed.

**APPROACH** - No food or drink on the approach. Slippery, wet or sticky spots or substances can affect a bowler's slide and delivery and cause a fall and serious injury. Inspect the approach each time before bowling. If the approach is sticky or slippery, stop bowling and ask a staff member for assistance. Only one (1) bowler should be on the approach at a time.

**BALL AND SHOES** - All bowlers must wear socks and bowling shoes while bowling. Have the correct fit for the bowling ball and shoes. See a staff member for help selecting or changing a ball or shoes. Clean the soles of shoes before bowling, after going to the rest room or anywhere else in the center. Moisture, humidity or a slippery or sticky substance on the sole of a shoe can cause a fall and serious injury. Shoes are not to be worn outside.

**FOUL LINE** - Lanes are treated with oil and are extremely slippery. Crossing the foul line can cause a fall and serious injury. After crossing the foul line, clean the soles of shoes before bowling. Ask a staff member for help.

**TRIPPING HAZARDS** - Watch for step-ups to and from the approach, seats, concourse and other areas of the center and keep all coats, bags and personal belongings out of the walking paths to avoid tripping. Tell a staff member about any tripping hazard right away.

**EQUIPMENT** - Mechanical equipment is dangerous and can cause injuries. If a ball or pin is stuck or the bumper must be raised or lowered, ask a staff member for assistance.

**BALL RETURN** - The ball return has moving parts. Serious injury can result from reaching into the ball return opening. Keep hands away from the ball return and ball return tray. Watch children.
